

# Supporting documents for applications for Master's degree programs/PhD programs at FAU

Applications for Master's degree programs are processed by the Master's Office rooms 0.032 and 0.048 (international applicants) or rooms 0.049 and 0.050 (German applicants), Halbmondstr. 6, 91054 Erlangen. Applications should be submitted exclusively via the online portal 'campo'. More information on the application procedure is available at: <http://www.master.fau.eu>

During the online application process at [www.campo.fau.eu](http://www.campo.fau.eu), you are requested to **upload** your application documents to the upload section as a PDF file. These include:

- **All documents which provide a record of your education** (secondary education certificate(s), transcript of records, university degree certificate (where applicable), diploma supplement, CV). In the case of qualifications obtained in countries other than Germany, officially certified copies/ the original certificate are required for the qualifications and the translation thereof. A translation is not required for documents issued in German, English or French.
- Applicants who completed their first degree in **China or Vietnam** also require an **APS certificate**. Applicants who completed their degree in India also require an APS certificate which has become compulsory as of winter semester 2023/24. Please note: The APS certificate for India is already required with immediate effect when applying for a study visa in Germany. For more information on when to submit the APS certificate and what exceptions apply, please see <https://www.fau.eu/education/application-and-enrolment/applying-for-masters-degree-programmes/#aps-india>
- **All additional documents which are required by the specific program** (letter of motivation, proof of internships/placements, language certificates, etc.). See the table below for details.

**Please also note the following:** Most of FAU's Master's degree programs are taught in German and therefore require international applicants to provide proof of a **high level of proficiency in German** (usually DSH 2/TestDaF 4 or equivalent). All Master's degree programs that require this level are marked with \* in the table below. More information about German language courses, German language proficiency and equivalent language certificates is available at [www.master.fau.eu](http://www.master.fau.eu)
